SUBMISSION OF **REPLACEMENT** SEQUENCE LISTING

Mail Stop Sequence  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to communication from the Examiner dated June 24,  
2004, and as a supplement to the Response filed October 25, 2004,  
submitted herewith is a replacement copy of the Sequence Listing for the  
above-identified patent application. As requested by the Examiner, the  
paper and CRF Sequence Listing has been corrected to update information  
related to the claimed priority application. The following items are  
included:

- a replacement paper copy of the Sequence Listing; and
- a replacement computer readable form (CRF)

Application No.: 10/634,262  
Filed: August 5, 2003  
Group Art Unit: 1638  
Confirmation No.: 7055

The undersigned Applicants' representative hereby states that that the information recorded in Computer Readable Form (CFR diskette) is identical to the written (on paper) Sequence Listing and that they contain no new matter as required by 37 CFR 1.821(e)(f)(g) and 1.825(b)(d). The General Information portion of the sequence listing has been updated so as to contain information pertaining to the present application and to the priority application being claimed.

A Preliminary Amendment directing entry of the Sequence Listing into the specification was previously filed on September 5, 2003 with the original filing of the Sequence Listing. A subsequent Amendment filed on October 25, 2004 inserted Sequence Identifiers where appropriate in the specification, and also corrected the priority information claimed.

Respectfully submitted,

ALAN M. MYERS ET AL
